

HarishRaaghav – harishraaghav.ss2019@vitstudent.ac.in

Use Cases Of IOT :

Autonomous and Connected Vehicles

AR/VR

Smart Watches, Fitness Trackers

Wearables and “Hearables”

Machine-to-Machine (M2M) Connected Devices

Supply Chains of the Future

Drones on the Rise

Smart Cities: Energy, Transportation, Parking and More

Smart Homes

Healthcare

Smart Agriculture

Companion Robots

Smart Factories

Outdoor surveillance

Electronic Road Toll Collection and Traffic Management

Waste Management

Water Quality Management & Water conservation

Ultraviolet Radiation Monitoring

Remote Patient Monitoring

Near Field Communication (NFC) Payment

Smart Grid

Home Intrusion Detection Systems
